## **L&T IDPL Wins Four Lane Road Project connecting Sangareddy in Andhra Pradesh to Karnataka / Maharashtra border**

L&T IDPL emerged as the successful bidder for the 145 km road project connecting Sangareddy in Andhra Pradesh to Karnataka/Maharashtra border on the 22nd of November, 2011. The project was bid out among stiff competition and received 19 bids from among the 37 prequalified applicants.

The stretch is part of NH 9 which connects places like Pune, Mumbai, Solapur, Aurangabad, etc. to Hyderabad and Vijayawada. Equally spread between the states of Andhra Pradesh and Karnataka, the project requires four laning of the existing two lane stretch along with allied facilities like bus bays, rest areas, safety features, etc.

Project construction has to be completed during a 30 month period and toll collection shall commence after that for a period of 22.5 years.
